Re: Letter of Support C.O.R.E. Medical Clinic, Inc.

To whom it may concern:

On behalf of the Midtown Neighborhood Association's board of directors, I am writing to highlight C.O.R.E. Medical Clinic's Inc.'s (CORE) positive aspects as a neighbor and their openness to communication.

CORE keeps their facilities clean, well lit, and well maintained, and our association works closely with the clinic's management staff. CORE staff and management are always willing to work as a strong community partner to maintain and improve the livability of our community.

After about a year hiatus, our association reactivated nearly a year ago. CORE management has been an active community partner and was one of the early partners in the work that led to our association's reactivation. CORE staff regularly attended community meetings before our association reactivated and have remained engaged with residents, businesses and others in the neighborhood to ensure the livability of the area.

In January of this year, our association awarded C.O.R.E. Medical Clinic, Inc. with an Outstanding Community Partnership Award for their work as a great neighbor and willingness to help maintain a clean and vibrant community.

If you have any questions, please feel free to contact me. You can reach me by phone at 916-704-4063 or by email at info@midtownsac.org.

Respectfully,
