The attached documents are in response to your respective neighborhood association's request for performance metrics during the City's Budget Town Hall meetings earlier this year. The data compiled is from fiscal years 2015/16 and 2016/17 where it exists.

With the exception of the Parks and Recreation Department, 2007 data is not readily available primarily because the City's 311 system was not operational until late August 2007 and other data systems have changed tremendously in the intervening years.

Thank you for your participation in the City Budget Town Hall meetings. Please let us know if you have further questions.

Sincerely,

Howard Chan
City Manager
